EMPLOYMENT OF STUDENTS

WORK STUDY PROGRAM

1. Successful work experience, coordinated with classroom instruction, will entitle student to earn academic credit.
2. Students employed by the district will be compensated at a rate of at least minimum wage for successful labor.
3. The teacher coordinator, vocational rehabilitation counselor and career education teacher, will coordinate their efforts in a team approach to guide students toward future success.
4. All underage students employed inside and outside of the school district should apply for and receive an Employment Certificate of Age from the State Department of Labor. Such work permit applications and certificates may be received through the guidance office.
