## **Public Information**

The purpose of the Public Information Program is to keep the public informed of current events, school programs, school progress and other worthwhile news. This is accomplished through a systematic plan designed to:

- A. Inform parents, patrons and the community at large of school operations.
- B. Develop, reinforce and strengthen school/community relations.
- C. Disseminate information to the public in a systematic fashion.
- D. Provide a forum to clarify this information about school activities and school operations.

All written or electronic notices, bulletins, newsletters and matters pertaining to students are to be submitted to the principal prior to release. Matters that pertain to the district will be submitted to the superintendent prior to release.
