

## **STUDENT PARTICIPATION IN SCHOOL FUND RAISING ACTIVITIES**

When school fund raising activities involve the sale of products outside of the school, the principal must:

1. Secure written parent permission for a student to participate in the fund raiser activity.
2. Inform parents that students participating in the fund raising activity are discouraged from selling "door-to-door."
3. Advise parents that if they permit their student to sell "door-to-door", the student should be accompanied by an adult.
